

Mr. Munafo currently serves as the district's Supervisor of Technology. Responsibilities include managing technology infrastructure, telecommunications, educational technology, and supporting the educational process through the effective integration of technology in all five schools.

Prior to coming to Pittsgrove, Mr. Munafo worked in the IT Department for Trump Plaza Hotel & Casino and Boeing Helicopter. In his capacity as Technology Supervisor he has guided the rapid growth in technology over recent years and helped establish the modern facilities and campus wide network the District enjoys today. Mr. Munafo is a Past President of the New Jersey Association for Educational Technology (NJ AET), and has served as the Director of the Salem County Internet Hub and Consortium since 2001.

Mr. Munafo attended St. Augustine Preparatory High School in Richland NJ and Drexel University in Philadelphia PA. While at Drexel University he earned a Bachelor of Science in Business Administration in Management of Computerized Information Systems and Marketing. Mr. Munafo also competed in Division 1 Wrestling for the University on an athletic scholarship.
