November 20, 2020

Dear Pittsgrove Twp. School District Parents & Guardians:

As a result of our region being designated in the Orange Risk Category by NJ Department of Health, new rules and procedures for handling individuals who present COVID compatible symptoms have gone into effect.

Do ***not*** send your child to school if he/she is experiencing any

- 1.) **one** of the following symptoms: coughing, shortness of breath, loss of sense of taste or smell; - *or*-
- 2.) **two or more** of any of the following symptoms: fever, chills, shivers, muscle aches, headache, sore throat, nausea or vomiting, diarrhea, fatigue or congestion/runny nose

Any student who has symptoms as outlined above is considered to be “presumptive positive” for COVID-19, is required to be tested for COVID-19, will be placed on quarantine, and any close contacts will also be quarantined (close contacts are any individuals within 6 feet for a total of 15 minutes or greater within a 24-hour period).

Please keep your child at home if they are not feeling well. These situations do not only affect your child, but their classmates as well.

If you plan to keep your child home this week, they may attend virtually and their attendance will be marked “RLP” for Remote Learning Present. Please contact your child’s Attendance Secretary or Principal via email or call and leave a message with the main office, if you plan to keep your child home.

Thank you for your continued support and cooperation. Take care and be well.

Sincerely,
Thomas A. Coleman Jr.
Interim Superintendent
